Notes to Editors:

1 Alumasc is a UK-based supplier of premium sustainable building products, systems and solutions. Almost 80% of Group sales are driven by building regulations and specifications (architects and structural engineers) because of the performance characteristics offered.

2 The Group has three business segments with strong positions and brands in their individual markets. The three segments are: Water Management; Building Envelope; and Housebuilding Products.

3 The Group announced the proposed acquisition of ARP Group on 25 July 2023, subject to the CMA indicating that it has no further questions in relation to the acquisition, and that it does not intend to make a Phase 2 referral.
